**RISE Charter School District #562**
**<u>REGULAR BOARD MEETING FY26</u>**
**MONDAY, March 16, 2026**

**Agenda Item:**
First Reading Policy 8705: Generative Artificial Intelligence
============================================================================

This is a new policy that is optional for the school to adopt. Given the increasing use of generative artificial intelligence in today's world, it may be beneficial for RISE to have this policy in place. This policy follows ISBA's model policy and is being presented to the Board for a first reading.
